

FIERCE FLOWERS

Fierce Flowers is a musical trio born within the Parisian Old-time and Bluegrass scene. The three musicians' eclectic influences infuse their original compositions in French and English, as well as their vocal harmonies and instrumentation (violin, banjo, guitar, double bass), creating a veritable voyage on stage.

Fall 2018 : first album recording

Press (translated from French)

«Their first small album (7 tracks) offers a sample of their skills with a nice eclectism and a mastery of different styles, from old-time to «chanson française» [...].

Their vocal harmonies are particularly efficient.»

Cri du Coyote n°154, fall 2017
